DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 12 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Tsuda.

Tsuda discloses all of the subject matter as set forth in the claims and is identical to the invention as broadly recited. Some of the claimed elements clearly disclosed by the reference are: a pocket (11) with a floor and walls positioned rearwardly from the front end of a body (9); wherein the pocket further includes a recess (not numbered).

Allowable Subject Matter

Claims 1-13 and 14 – 17 are allowed.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
